

Buffalo & Western New York Junior Soccer League

Buffalo & Western New York Junior Soccer League has adopted a new rule for the summer 2006 season that only two (2) dual carded players are allowed per team. Every Dual Carded player must submit this form regardless of eligibility.

- 1) Each team will be allowed a maximum of two dual carded players.
- 2) All dual carded players must be declared to the league in writing or they will be considered to be an illegal player and the team is subject to forfeits and further sanctions.
- 3) A team may carry dual carded player(s) above the limit stated in # 1. The Club must submit a written request for waiver to the Board of B&WNYJSL.
- 4) The two reasons that the Board of B&WNYJSL will consider when reviewing requests for dual carded player waivers are:
 - A) The player lives in the geographic area serviced by the club or attends a school or a scholastic organization traditionally serviced by the club.
 - B) The player has played for the club in at least four previous seasons.

Definitions:

Club service area - the geographically physical and/or the scholastic organizational bounded areas which have traditionally served as the source for a member club's player pool.

Dual carded player - a player who possesses a card to play in both B&WNYJSL and in any other league, regardless of which league the player is primarily carded.

Member club - a soccer club, in full good standing with B&WNYJSL.

Team - a member club rostered team playing at any level in the B&WNYJSL league.

Please fill out the form on the next page and mail to:
